# **SESSIONAL APPOINTMENT**

## **Intersession / Summer 2019**

The Department of Chemistry and Biochemistry intends to offer the following course during the Intersession / Summer 2019 semester. In accordance with section 54 of the 2017-2021 Collective Agreement, qualified candidates are invited to apply.

New Applications are required to include the following materials:

- Letter of application, including the course(s) applied for and a statement of citizenship/immigration status.
- Brief statement that explains how the applicant's teaching and research background prepares him/her to teach this particular course.
- A detailed and current curriculum vitae.
- A statement of teaching philosophy and interests (maximum of 250 words).
- Three (3) letters of reference.
- Evidence of qualifications (i.e. transcripts, certification of degrees, courses taken, dissertation and thesis topic, etc.).
- Indications of successful teaching (i.e. official SETs or equivalent for all courses taught).
- A teaching dossier.

All other candidates who have previously taught at the University of Windsor, Department of Chemistry and Biochemistry are strongly encouraged to provide an updated curriculum vitae and must provide one if it has been 3 years since they have taught in the Department. Candidates should also provide a statement that explains how his/her teaching, research and professional experience prepares him/her to teach the particular course.

<b>BIOC 1303</b> <b>Organic and Biological</b> <b>Chemistry for Health</b> <b>Sciences</b>	A course of particular interest to students of nursing and other health science areas. The subject matter includes a survey of organic functional groups, the organic chemistry of biomolecules, and a survey of the major metabolic pathways. (Prerequisite: 12 U chemistry) (2 lecture hours, 1 tutorial hour a week).
