

RECEIVED NOV 27 2018

Sessional Appointment – Winter 2019

The Department of Biology invites applications from qualified individuals who are interested in teaching the following course:

03-55-320-01 Research Principles/Study Design-Biology	Introduction to the logic and principles used to develop sound and efficient studies in the biological sciences: generating, testing, and discriminating among hypotheses; dealing with unwanted sources of variation; assumptions and appropriate choice of statistical analysis. Instruction in the use of selected network and personal computer software for data analysis and presentation. (Prerequisites: 55-210, 55-211, 55-213, and 65-205, or consent of instructor.) (3 lecture, 2 laboratory/tutorial hours a week.)
Term	January 1, 2019 – April 30, 2019
Qualifications	The successful candidate must hold a Master's degree by the date of appointment, a Ph.D. degree is preferred

For additional information, contact the Department of Biology at (519) 253-3000 ext. 2696

Applications are to be submitted on or before **Thursday October 25th, 2018 by 4:00 pm**

As required by the Collective Agreement, the Department of Biology is hereby calling for applications from members of the Faculty Association who are suitably qualified and interested in teaching the above-mentioned course for the Winter 2019 semester.

Applicants who have not previously taught courses by the Biology Department are asked to submit a full C.V. Please email your C.V. etc. to biosci@uwindsor.ca

Applicants from outside the University of Windsor will be expected to provide three letters of reference. The appointment to this position is subject to final budgetary approval.

Dr. Dennis Higgs, Department Head
Department of Biology
