SESSIONAL APPOINTMENT – Winter 2027

The Department of Chemistry and Biochemistry intends to offer the following course, in person, during the Winter 2027 semester, which might not be staffed by full-time faculty members as part of their normal teaching load. In accordance with section 54-07 of the 2021-2025 Collective Agreement, the department invites applications from suitably qualified individuals who are interested in teaching the following courses.

New Applications are required to include the following materials:

- A letter of application which includes:
  - the course(s) applied for and a statement of citizenship/immigration status; and
  - a brief statement explaining how the applicant's teaching and research background prepares them to teach the particular course for which they are applying
- A detailed and current curriculum vitae
- Evidence of qualifications (i.e., transcripts, certification of degrees, courses taken, dissertation and thesis topic, etc.)
- A teaching dossier and/or the following:
  - a statement of teaching philosophy and interests (maximum of 250 words)
  - indications of successful teaching (i.e., official SETs or equivalent for all courses taught)
- Two (2) letters of reference
- Minimum of a Master's degree or equivalent with preference for those with a Chemistry or related natural science background, with university teaching experience at the undergraduate level.

All other candidates who have previously taught at the University of Windsor, Department of Chemistry and Biochemistry are strongly encouraged to provide an updated curriculum vitae and must provide one if it has been 3 years since they have taught in the department. Candidates should also provide a statement that explains how their teaching, research and professional experience prepares them to teach the particular course(s).

Compensation Range: $9,794.00 - $13,808.00 (including the Employment Standards Act vacation pay). The salary for Sessional Instructors is outlined in Article R Table R.1 (b) of the current Collective Agreement with the University of Windsor Faculty Association. Eligible sessional instructors may access a range of benefits, including pension and medical plans.

CHEM-1103 **Topics in General Chemistry**	An introduction to selected topics in modern chemistry for engineering: atomic and molecular structure, properties of matter and the periodic table, macroscopic chemical systems, stoichiometry, properties of the equilibrium state and applications to thermochemistry and electrochemistry. (Prerequisite: Grade 12 "U" Chemistry or equivalent.) (3 lecture, 3 laboratory hours a week.)

Subject to budgetary approval and sufficient enrolment

Submit complete applications to Dr. Drew Marquardt; e-mail chembiohead@uwindsor.ca

by Monday, November 16th, 2026

The University of Windsor is committed to equity in its academic policies, practices, and programs; supports diversity in its teaching, learning, and work environments; and ensures that applications from members of traditionally marginalized groups are seriously considered under its employment equity policy. Those who would contribute to the further diversification of our faculty and its scholarship include, but are not limited to, women, Aboriginal peoples, persons with disabilities, members of visible minorities and members of sexual minority groups.

Only those who are successful will be contacted.

Dr. Drew Marquardt
Department Head of Chemistry and Biochemistry
