

Forensic Science Sessional Appointments – Fall 2019

The Faculty of Science invites applications from qualified individuals who are interested in teaching the following course:

<p>FRSC 1107-1 Introductory Crime Scene Investigation</p>	<p>This course will introduce students to the theoretical background of scientific methods used in Forensic Sciences and their practical applications to crime scene investigation within the multidisciplinary Forensic fields. The focus of the course is exploration and examination of evidence found at crime scenes. The students learn the discovery, identification, collection, examination and processing of various types of Forensic evidence.</p> <p>W: 2:30-5:20</p>
<p>FRSC 1107-91 Introductory Crime Scene Investigation</p>	<p>This course will introduce students to the theoretical background of scientific methods used in Forensic Sciences and their practical applications to crime scene investigation within the multidisciplinary Forensic fields. The focus of the course is exploration and examination of evidence found at crime scenes. The students learn the discovery, identification, collection, examination and processing of various types of Forensic evidence.</p> <p>DISTANCE EDUCATION</p>
<p>FRSC 3010-1 Expert Witness in Forensic Science</p>	<p>Examination of current concepts and controversies in the collection, preservation, and analysis of forensic evidence, and the role of the expert witness. While exploring various forensic specializations students will practice the presentation of evidence in various formats and contexts including short and long presentations, reports, cross-examination, mock trials, etc. (Prerequisite: FRSC-2007. Enrolment in this course is limited to Bachelor of Forensic Science Program Majors and majors in BA Combined in Forensics.)</p> <p>M: 2:30-5:20</p>
<p>FRSC-4002-1 Practicum in Forensic Sciences (0.33 course)</p>	<p>Students are assigned a mentor in the profession of Forensic Science. The student will be required to spend 100 hours during the semester with the mentor. This time will be utilized to develop skills in a laboratory setting or related facility (Prerequisite: A 57-3XX course. Instructor approval required. Enrolment limited to majors in Forensic Sciences and majors in B.A. Combined in Forensics)</p> <p>TIME: TBD NOTE: Three sections (one per semester) are a standard course; sessional pay is 0.33 normal.</p>
<p>FRSC-4207-91 New Perspectives in Forensic Evidence</p>	<p>This course builds on the basic techniques learned in the previous crime scene investigation courses and applies them to the advanced approaches to forensic evidence analysis. The course will provide insight to the latest techniques available spanning histology and pathology, human remains, advance analytical techniques for organic and inorganic analysis, new frontiers in DNA analysis, microbial forensics, medical forensic imaging techniques, digital evidence and mobile forensics, as well as new instrumentation and future considerations in the fields of forensic evidence analysis. Pre-requisites: (FRSC-2007 and FRSC-2100 or permission of the instructor).</p> <p>DISTANCE EDUCATION</p>

Faculty of Science

Qualifications :	The successful candidate should hold a Master's degree by the date of appointment, a Ph.D. degree is preferred. Professional experience will be considered for equivalency to academic training.
----------------------------	---

**The courses above are subject to budgetary approval and sufficient enrollment.*

Applications must include:

- A letter of interest in the position
- Two letters of reference
- A resume outlining relevant work experience, training, teaching experience, honours or awards, publications and relevant service activities
- A teaching portfolio demonstrating evidence of teaching excellence. For example: SET scores or other teaching evaluations, course outlines, graduate courses taken, dissertation or thesis topics, evidence of successful teaching, or/and evidence of professional experience.

Applicants from outside the University of Windsor should provide three letters of reference.

Please submit your application to the attention of:

Forensic Programs Administrator,
Faculty of Science
University of Windsor
401 Sunset Avenue,
Windsor, ON, N9A 3P4
